

I am a Computer Science student seeking a graduate or entry-level software development role. Skilled in full-stack development with a focus on backend and cloud technologies. Proficient in Java, C#, .NET and SQL. Strong communicator with real-world project experience and a commitment to clean, maintainable code.

Work Experience

Computer Science Tutor	Varsity College Sandton / South Africa	March 2025 - Present
Provided one-on-one support in Java, Kotlin, and cloud technologies, helping students grasp core concepts in logic, testing, and mobile development. Simplified complex topics and improved learner outcomes through tailored guidance and practical feedback.		

Technologies and Languages

- Languages: Java, C#, Kotlin, JavaScript, HTML, CSS
- Technologies: MySQL, Oracle, SQL Server, MongoDB, PL/SQL, Microsoft Azure, GIT, GitHub
- Other: ASP.NET, ADO.NET, Figma

Education and Certifications

- Bachelor of Computer Science in Application Development**, Varsity College. **2023 – 2025**
 - GPA 3.96
- Matric Bachelors Pass**, Edenglen High School. **2018 – 2022**

Projects

- Budget Bunny – Expense Tracker (Kotlin, Android)** - Built a mobile budgeting app with category tracking, PDF exports, and budget tips. Visualized spending trends and helped users boost savings by up to 15%.
- Kanban Board (Task Schedule Organizer)** - Desktop app with login, task categories, and full CRUD features.
- Student Admin & Property CLI (Java)** - Command-line tools with role-based access for student and property management.
- KhumaloCraft E-Commerce (ASP.NET, Azure SQL)** - Web store with login, checkout, and Azure-backed database integration.
- Rock, Paper, Scissors Game (JS, HTML, CSS)** - Built an interactive game with autoplay, score tracking, and randomized computer moves.
- Lecturer Claims App (ASP.NET)** - Claims portal with submission and approval flow for lecturers and HR
- Retail Inventory App (Azure Services)** - Cloud app using Blob, Queue, File, and SQL for retail stock tracking.
- Amazon (HTML, CSS, JavaScript)** - Developed a responsive e-commerce site with product listings, interactive cart, live price updates, and checkout simulation.

Certifications and Achievements

- Certifications and Courses** - SuperSimple.Dev (JavaScript Course), SuperSimple.Dev (HTML/CSS Course), Prolific Tech (Robotics/Coding Workshop).
- Awards**: Golden Key Honour Society Member (Top 15% Computer Science Student across IIE Institutions)
